The Classic IQ Test

What's Your IQ?

Congratulations, Evgeny! Your IQ score is 140

This number is based on a scientific formula that compares how many questions you answered correctly on the Classic IQ Test relative to others.

Your Intellectual Type is **Visionary Philosopher**. This means you are highly intelligent and have a powerful mix of skills and insight that can be applied in a variety of different ways. Like Plato, your exceptional math and verbal skills make you very adept at explaining things to others — and at anticipating and predicting patterns. And that's just some of what we know about you from your IQ results.
